OMB No. 0915-0184  
Expiration Date: 08/31/2023

## Part 4: Personnel

Each OPO must have personnel who are qualified to effectively recover organs from all donors in its DSA. Each OPO must have the necessary staff to recover and distribute organs according to OPTN obligations, including an administrative director, a medical director, an organ donation coordinator, and an organ procurement specialist.

**Attach an organizational chart for the OPO staff and for all Boards.**

### OPO Administrative Director

Each OPO must identify an individual that serves as the administrative director. The administrative director, together with other OPO staff, is responsible for effective organ recovery and placement according to OPTN obligations.

**Name of Administrative Director:** Dave DeStefano, CEO

***Include this individual's resume/CV with the application.***

### Medical Director

The OPO medical director must be a physician licensed in at least one of the states within the OPO's DSA. The medical director is responsible for the medical and clinical activities of the OPO.

**Name of Medical Director:** Jacqueline Honig, M.D.

***Include this individual's resume/CV with the application.***

***Provide a copy of state license.***

### Board of Directors

Each OPO must have a board of directors or an advisory board with members selected according to the Code of Federal Regulations. The board of directors or advisory board has the authority to recommend policies that guide the donation, procurement, and equitable distribution of organs.

***Provide a list of the organization's Board of Directors or Advisory Board with the application.***
